  - ⇨ Create dynamic responsive web pages from user experience screens
  - ⇨ Worked on Adobe Flex
- Code reviews
  - ⇨ Perform code review of developed by peers & juniors
  - ⇨ Provide code review comments to ensure quality implementation and conforming to standards, scalability, performance & security (key non-functional requirements)
- Testing
  - ⇨ Develop automated unit tests and end to end test suite cases
  - ⇨ Perform developer testing of code developed
  - ⇨ Perform integration testing and support users in Acceptance testing

- Documentation
  - ⇨ Worked on design document for respective use cases

- Adherence to quality deadlines and timelines
  - ⇨ Ensure that timelines and project deadlines are strictly adhered to
  - ⇨ In case of any impediments, raise flag during daily standup to get help from team-members

- Facilitation of peer sessions
  - ⇨ Whenever required, do role of facilitator and discuss project matters: both technical and any other items in order to

- Raise and settle issues in project development
  - ⇨ In case of any dependencies or bottlenecks, bring the issues to the team and work towards solving them
  - ⇨ Provide root caused analysis for defects

2. While in this role, I reported to Sunil Biradhar;
3. I provide this Affidavit to attest to my experience with Textual Analytics Solutions Pvt Ltd as I was unable to obtain an updated and signed employment verification letter from them;
4. The reason I could not obtain a signed employment verification letter from my previous employer is , that they have shared the experience certificate and they told me that they are not going to share any further documents as per the company policy.
